#### CARE OF YOUR GAME

 Always make sure the power is off when inserting or removing the game pak from your computer. This is a high precision game pak. Avoid subjecting it to extreme temperatures or shocks. Store at room temperature. Never attempt to dismantle it. Do not touch the terminal connectors or get them wet or the circuitry may be damaged. Never insert your fingers or any metal objects into the terminal leads. Use of thinners, solvents, benzene, alcohol and other cleaning agents can damage the game pak.

Nintendo recommends against using a rear projection television with your NES as image retention on the screen may occur.
